DIFFERENTIATING BETWEEN LEVERAGED AND MATCH FUNDS FOR PURPOSES OF THE CBFRS PROGRAM

Leveraged Funds are those funds that were received by the CBFRS lead agency from private, State, or other non-Federal sources during the prior Federal Fiscal Year (FFY), and obligated or spent by the CBFRS lead agency during that same time frame to provide the types of services and activities for which the actual CBFRS Federal funds may be used.

All funds leveraged by your State and claimed when submitting the CBFRS application must have been:

- **Leveraged** by your State from private, State, or other non-Federal sources during the prior Federal Fiscal Year.
- **Directed** through the CBFRS lead agency submitting the application. (**Note:** Leveraged funds must be controlled by the CBFRS lead agency submitting the application. If your State lead agency has changed and the current lead agency submitting the application is not the same lead agency through which the leveraged funds were directed and obligated or spent in the prior Federal Fiscal Year, the current lead agency cannot submit a leveraged funds claim. In that case, your total grant award would be the amount determined by population of children under 18 year of age).
- **Budgeted** (spent, obligated, restricted) during the prior Federal Fiscal Year in supporting services and activities consistent with a network of community-based, prevention-focused, family resource and support programs.
- **Used** (spent, drawn down) during the prior Federal Fiscal Year to support services and activities for which the actual CBFRS Federal grant funds may be used.

Only funds that have not been used to leverage additional Federal funds under any other program may be claimed as leveraged funds for this program.

Match funds are those funds from non-Federal sources that are included in the current application budget to supplement the Federal portion of the grant and must amount to at least 20% (in cash, not in-kind) of the current application grant award for activities under this title.

All Funds included as matching funds in the current application budget **must** be:

- **Received** by the CBFRS lead agency from private, State, or other non-Federal sources for use during the current Federal Fiscal Year in which the application is being submitted.
- **Budgeted** for the current Federal Fiscal Year in supporting a network of community-based, prevention-focused, family resource and support programs.
- **Used** during the Federal Fiscal Year in which it was applied to supplement the Federal portion of the grant to support services and activities for which the CBFRS Federal grant funds may be used.
- **In cash, not in-kind** and amount to at least 20% of the grant award. (**Note:** There is no requirement to include more than a 20% match of non-Federal funds in the budget. However, if the State has a sizeable leveraged funds claim that ensures their grant award will be greater than the population allocation, the State may wish to figure in a higher percentage for match so that they do not have to submit a budget amendment in October.

Assuming the Title II Legislation is reauthorized as currently written, the State may claim the money that it used for match in Federal Fiscal Year 2002 as part of their leveraged funds claim for their Federal Fiscal Year 2003 application, as long as this money is not leveraged to claim for any other source of Federal funds.

Sample Budget for Federal Fiscal Year 2002

The Budget must show a breakdown of Federal and non-Federal expenditures. The Federal expenditures should add up to the amount you expect to receive based only on population. Keep in mind that the budget **must** show line items that are consistent with the use of funds and program expectations for the CBFRS program.

<u>ACTIVITY</u>	<u>FED.\$</u>	<u>NON-FED.\$</u>
Administration	\$ 20,000	\$ 15,000
Network Coordination	\$ 10,000	
Family Support Center Grants	\$ 25,000	
Parent Education	\$ 20,000	\$ 10,000
Crisis Nurseries	\$ 25,000	
Home Visiting	\$ 10,000	\$ 5,000
Respite Services	\$ 10,000	
Parents as Teachers Programs	\$ 10,000	\$ 5,000
Parents Anonymous	\$ 10,000	
Training and Technical Assistance	\$ 15,000	
Evaluation	\$ 20,000	
	<u>\$175,000</u>	<u>\$ 35,000</u>

This is an exact 20% match, and the State would need to submit a budget amendment not later than October 30, 2002 if they have any leveraged claims increasing their final grant award to more than the \$175,000 predicted by the population allocation

<u>Total Claim</u>				
\$35,000				

Note: The above claim represents only the prior year's match. In addition to this match, States may have money from other non-Federal sources that they spent on CBFRS activities during the prior year. This money from other non-Federal sources, directed through the lead agency and spent on CBFRS activities, may also count as leveraged funds.
